ABOUT US

We make architectural solutions tailored to your needs. We operate in South Florida, especially Miami Dade, Broward, Palm Beach counties. Our headquarters are in Medley where we have a workshop with high-tech machinery.

Those of us in charge of Glasstech operations have at least 20 years of experience, 7 of them in South Florida, we make the most complex designs of our clients a reality, always with the best materials. Those who have worked with us know that we are the best option.

CORE VALUES

QUALITY & INNOVATION

Quality: The quality of our work begins with our suppliers of raw materials, we use only the best available in the market. Our manufacturing processes comply with 3 quality levels and the installations are carried out by experts in the field. The best guarantee of a product is one that is never required.

Innovation: We remain at the forefront of design, innovate in finishes, materials, designs and new products. When innovation comes from our customers and they limit our technical capabilities, we are proud to meet your expectations.

RESPONSIBILITY & SERVICE

Responsibility: we respect our customers, our employees and shareholders. We respect the times and processes. We respect nature and the environment. Above all, we respect our work and the results our clients expect from it.

Service: We believe in happy and well attended customers. We provide technical support and advise the client to choose the best solution always accompanied by an excellent design. We guarantee a personalized service with the discretion that our clients require.

KNOWLEDGE & PASSION

Knowledge: Our work team has a lot of practical experience obtained in the hundreds of projects that we carry out annually, together with training and the technology in which we invest, it ends in vain if it does not benefit our clients. That is why we strive every day to be the best and offer the best option in solutions for interior design and architecture.

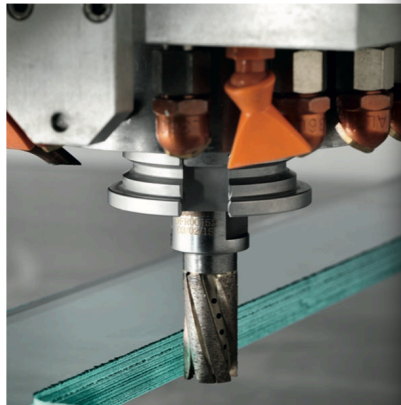

Passion: Our work is done with dedication, we love what we do, we go beyond our duty, that ends up seeing the details of our solutions. The best gift is a WOW from our client.

# CUSTOM STAIRS & RAILINGS

Our Stairs are made to measure of excellent quality and performance and are manufactured in the USA.

We are innovators, and we pursue excellence. Our engineers and materials specialists work closely with designers to refine key structural and aesthetic details, with one aim: to produce stairs that are architecturally superb. Crucially, we control the entire stair-making and installation process to ensure that our stairs meet the highest international quality and safety standards.
